UV Masterbatch for **chemical Free** environment

Products	Description
UV2218PE EU	HALS
UV3506PE	HALS + UVA
UV3625PE	HALS For Mono filament

UV Masterbatch for **medium chemical** environment

Products	Description
UV1587PE	HALS + acid scavengers
UV7908PE	HALS + UVA
UV5478PE	HALS+UVA (CLEAR)
UV9823PE	HALS

NiQ Free UV Masterbatches with **high chemical** resistance

Products	Description
UV2282PE	HALS
UV2392PE	HALS + UVA
UV2817PE	Proprietary (For Silver Mulch)

NiQ based UV Masterbatches with **high chemical** resistance

Products	Description
UV0007PE	Ni-Quencher + UVA
UV0163PE	Ni-Quencher + HALS + UVA For antivirus films

Anti fog

Products	Description
AF8887PE EU	Anti-fog/Anti-drip cold/hot climate
AF0615PE EU	Anti-fog/Anti-drip cold climate

Tie layer

Products	Description
TOPFUSION PE219	Tie layer for cast and blown film
TOPFUSION PE301	Ready to use tie layer for cast and blown film

Infrared

Products	Description
AB7644PE EU	Medium diffusive IR
IR6324PE	Highly diffusive IR
IR8783PE EU	Cooling Masterbatch

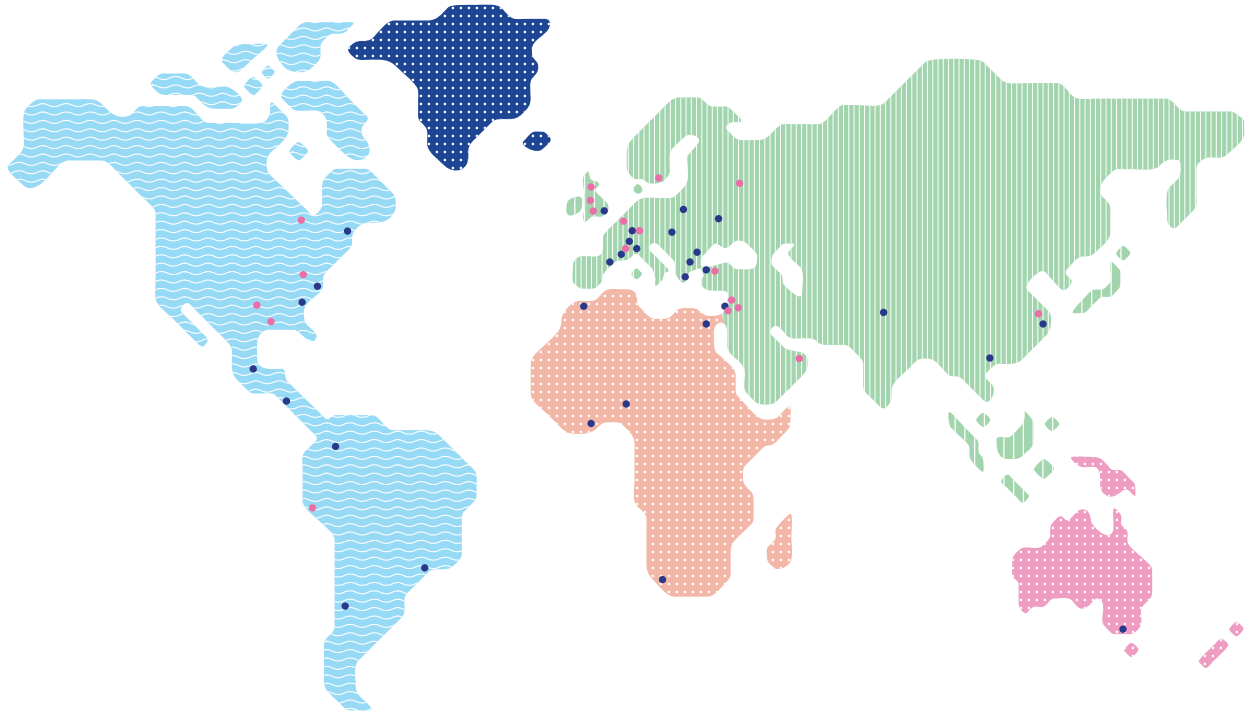

Antioxidant

Products	Description
AO4875PE EU	Antioxidant

Color

Products	Description
VE52984	Green UV MB for stretch silage film
VE800118	White UV MB for stretch silage film
ME82958	White MB for general films
ME800800	White MB for general films - cost effective solution
ME800229	White MB for films and extrusion coating
ME72885 EU	Brown photo selective for mulch
ME500584	Green photo selective for mulch
ME955376	Silver for mulch HMF
ME201154	Yellow for mulch HMF
IR9158PEK EU	IR-Detectable black MB for mulch and silage
